

Greenbelt Transportation Advisory Group

Application Form

Are you interested in participating in the Greenbelt Transportation Advisory Group (GTAG)? Meetings will be held throughout the study to seek input and feedback from environmental agencies and interest groups with a specific interest in potential environmental impacts within the Greenbelt. The Project Team is seeking to rebuild the GTAG. If your organization or group has an interest in this study, and you are interested in representing them on the GTAG, please complete this form and submit it to the Project Team.

Please note that in order to maintain a reasonable group size and to encourage a diverse representation of views, it may not be possible to invite all applicants to become members of the GTAG. We will notify you as to whether your application for membership has been accepted.
