

ONTARIO GOVERNMENT NOTICE
NOTICE OF PUBLIC INFORMATION CENTRE – FOCUSED ON THE FEDERAL IMPACT ASSESSMENT
PROCESS FOR THE HIGHWAY 413 PROJECT

THE PROJECT: The Ontario Ministry of Transportation (MTO) is in Stage 2 of the Highway 413 Transportation Corridor Route Planning, Preliminary Design and Provincial Environmental Assessment (EA) Project, formerly known as the GTA West Study. Building on the recommendations from Stage 1, the EA is identifying the route, determining interchange locations and completing the preliminary design for a new transportation corridor within the Route Planning Study Area. The new highway and transitway will include: a 400-series highway, transitway and potential goods movement priority features.

On May 3, 2021, the Federal Minister of Environment and Climate Change designated the Highway 413 Project under the Federal Impact Assessment (IA) Act. MTO is preparing an Initial Project Description (IPD), which covers preliminary consultation and engagement, the need for the project, potential alternatives, existing and future conditions, and the studies being undertaken to inform the potential changes as a result of the project. The Impact Assessment Agency of Canada (IAAC) will use the IPD to inform their decision on whether a Federal IA of the project is required. Submission of the IPD to IAAC is anticipated in early 2022.

PUBLIC INFORMATION CENTRE (PIC): You are invited to attend an upcoming Public Information Centre (PIC) to help shape the content of the IPD and to ensure that your community's interests are captured appropriately in the IPD prior to submission to IAAC. This meeting will exclusively focus on sharing the reason for the Federal designation, reviewing the IA process, discussing the technical studies being added to the project in response to the Federal designation, obtaining your feedback on our understanding of the socio-economic contexts of your communities, and obtaining your feedback on our understanding of the key issues raised by stakeholders in your communities and Indigenous communities and how we are addressing them through the project. The PIC will be conducted as an online session hosted through the Zoom platform and the materials for each event will be specific to the regions identified for each meeting date.
